

NEWSLETTER 02:2004

DPPK Series

Regarding EU Directive 2002/96/EC (WEEE) and 2002/95/EC (RoHS), all products developed manufactured and delivered by Ossi Connectors A/S meet or exceed all currently applicable legal requirements. This regarding the presence of hazardous substances in products that meet the RoHS limits on the presence of the substances banned or restricted by RoHS: lead, cadmium, mercury, hexavalent chromium and certain brominated flame retardants (PBB and PBDE). Due to plating with black hexavalent chromium on jackscrews all further deliveries released after 01-12-2004 will enclose jackscrews with an RoHS approved non-hexavalent plating. This new design will affect DPPK Series delivered with black backshells, all other parts will remain non changed.
